Majors Fair 2015

Unsure of your major? Considering a few others?

Come check out this year’s Major Fair!

Check out the flyer below for more info!

Summer & Fall 2015 Enrollment

Remember that it is never too early to start planning for next semester, don’t wait till the end of the semester when classes start to fill up before you start thinking about the courses you need to take. The earlier you are able to plan, the more likely it is that you will get the schedule you need/want.
Career Services Spotlight

Career Services is here to help! We’re a resource for students no matter the stage they’re in. Our office can assist when it comes to sophomores choosing a major. Not only do we have career counselors available to meet with students one on one, we have several online resources that can assist as well. Once that decision has been made, we will help students narrow down a major to a career choice. We also have experience opportunities, such as the Externship Program, which is given students opportunities to job shadow an employer and learn more about their career field. For more information about the Externship program, [http://career.ucf.edu/majors-and-careers](http://career.ucf.edu/majors-and-careers).

Resume critiques, job searching strategies, and practice interviewing are a few of the other major resources that Career Services offer. But we also have several programs that might interest students as well. We have Pizza and a Major, The Dreamshare Project, and The Majors Fair. We have 3 Career Expos, which bring over 200 employers to campus. We have information sessions with employers, such as Disney, CIA, Pepsi, Peace Corp, Lockheed Martin, and many more. All of our programs are free for students and provide great opportunities for experience or information! For more information about our services and programs, please visit our website at [career.ucf.edu](http://career.ucf.edu).

Conversations About Race, Law Enforcement, and Social Justice:

Join us for discussions about the events in Sanford, Ferguson, Staten Island, Cleveland, and Brooklyn. Probe the issues in respectful dialogues, and come prepared to explore actions we can take to advance social justice and promote positive relationships between law enforcement and the community.

Undeclared? Be Prepared.

UCF’s undeclared policy states that a student must declare a major before they reach 45 or more semester credit hours. If you have not declared a major by this time, you will be placed on an Undeclared Hold. This means you must visit an SSYC advisor to begin exploring different options for a major of study.

If you currently have an undeclared hold, or if you are still undecided, feel free to visit one of our advisors to start exploring which major is right for you!

Skype Advising

Home for the summer?... Live off campus?... Or just want to be lazy?...

SSYC is one of the only advising offices that offer Skype advising. You only need a working webcam/mic and Skype username. Call our office or visit our website to schedule your Skype appointment today!
