Career Services Spotlight

Career Services is here to help! We’re a resource for students no matter the stage they’re in. Our office can assist when it comes to sophomores choosing a major. Not only do we have career counselors available to meet with students one on one, we have several online resources that can assist as well. Once that decision has been made, we will help students narrow down a major to a career choice. We also have experience opportunities, such as the Externship Program, which gives students opportunities to job shadow an employer and learn more about their career field. For more information about the Externship program, http://career.ucf.edu/majors-and-careers.

Resume critiques, job searching strategies, and practice interviewing are a few of the other major resources that Career Services offer. But we also have several programs that might interest students as well. We have 3 Career Expos, which bring over 200 employers to campus. We have information sessions with employers, such as Disney, CIA, Pepsi, Peace Corp, Lockheed Martin, and many more. All of our programs are free for students and provide great opportunities for experience or information! For more information about our services and programs, please visit our website at career.ucf.edu.

Study Abroad Spotlight

Information about study abroad opportunities for the upcoming year, including short-term programs, internships, and semester-long exchanges, will be available at their office.

If you have questions regarding this event, please contact the Office of International Studies by calling (407) 882-2300 or e-mailing studyabroad@ucf.edu

Undeclared? Be Prepared.

UCF’s undeclared policy states that a student must declare a major before they reach 45 or more semester credit hours. If you have not declared a major by this time, you will be placed on an Undeclared Hold. This means you must visit an SSYC advisor to begin exploring different options for a major of study.

If you currently have an undeclared hold, or if you are still undecided, feel free to visit one of our advisors to start exploring which major is right for you!

Skype Advising

Home for the summer?... Live off campus?... Or just want to be lazy?...

SSYC is one of the only advising offices that offer Skype advising. You only need a working webcam/mic and Skype username. Call our office or visit our website to schedule your Skype appointment today!
